Six presentation templates

87 editable slides · Six distinct visual systems · PPTX + POTX

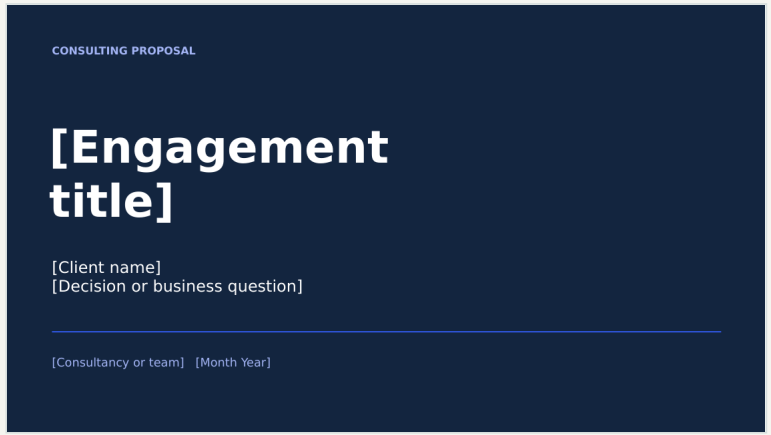

01 Academic 15 slides

Ink, warm paper and teal

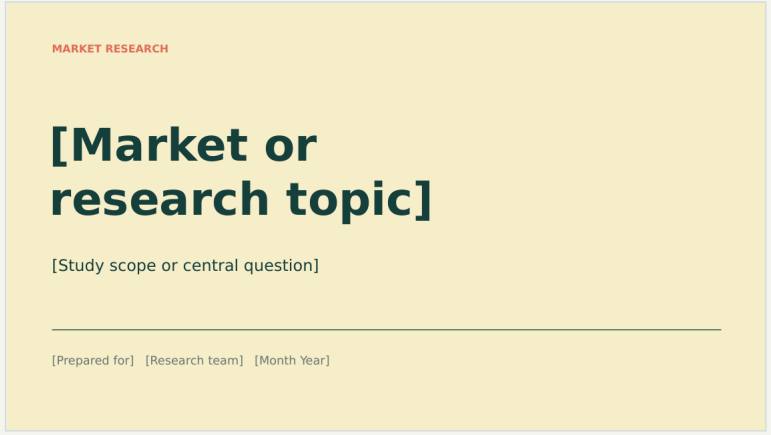

02 Brand design 15 slides

Ivory, espresso and terracotta

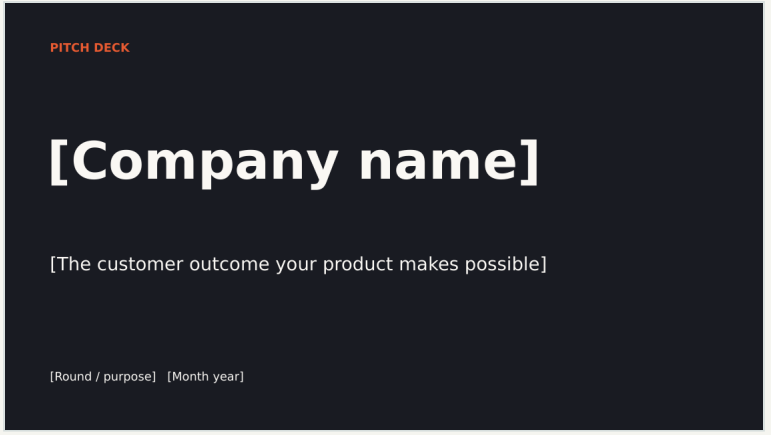

03 Consulting 14 slides

White, navy and cobalt

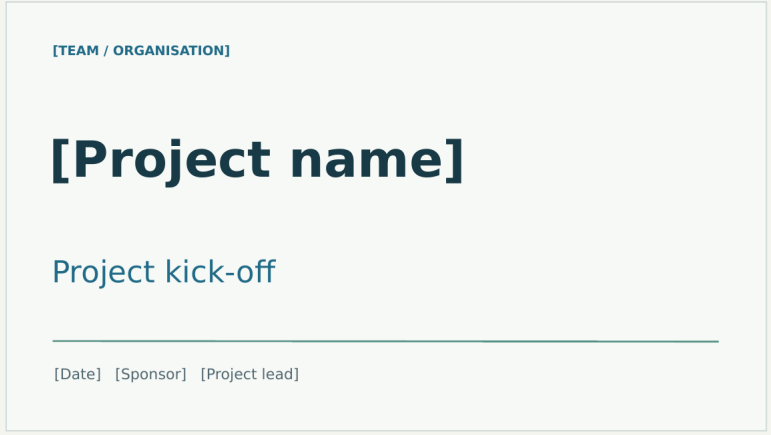

04 Market research 15 slides

Deep teal, coral and butter yellow

05 Pitch deck 14 slides

Warm white, charcoal and orange

06 Project kick-off 14 slides

Off-white, deep blue and sage

Make each template your own

Review the designs here. Edit the PowerPoint files to create your presentation.

01 Install the fonts

Install the supplied DejaVu Sans and DejaVu Serif files before editing to reproduce the intended typography.

02 Choose your starting file

Open a PPTX to edit its example deck, or use the matching POTX to start a presentation from a reusable template.

03 Replace the examples

Replace bracketed fields and illustrative figures. Charts include editable example workbooks; tables and shapes are editable.

04 Build your story

Duplicate sample slides for their detailed arrangements. Use New Slide / Layout for the included reusable layouts.

05 Read the editing notes

Each slide includes notes. The style guide explains the palette and type system; remove it before presenting.

BROWSE THE COLLECTION

Category	Slides	PDF page
Academic	15	**03**
Brand design	15	**18**
Consulting	14	**33**
Market research	15	**47**
Pitch deck	14	**62**
Project kick-off	14	**76**

PDF bookmarks jump to each category.

REUSE AND DISTRIBUTION

The new template material may be modified and redistributed, including for commercial work. Source artwork and branding are excluded. Keep the included licence notices when redistributing the DejaVu fonts. Full scope is in Template_Reuse_Permission.txt.

ACADEMIC / TEMPLATE 05

[Research title]

[One sentence describing the study]

[Author name]
[Institution or research group]

[Event]
[Date]

Research question

[How does the exposure or intervention affect the outcome?]

Why it matters

[The practical or theoretical gap that motivates this study]

Study boundary

[Population, setting and period covered by the question]

Objectives

[Overall aim]

[What this study should help us understand]

01 **[Primary objective]**

[The main quantity, relationship or experience to investigate]

02 **[Secondary objective]**

[An additional comparison or explanation to examine]

03 **[Contribution]**

[The knowledge or method that others should be able to use]

Prior evidence

[What the existing literature establishes]

Study	Approach	Main finding	Remaining gap
[Author, year]	[Design and sample]	[Finding in one sentence]	[Unresolved question]
[Author, year]	[Design and sample]	[Finding in one sentence]	[Unresolved question]
[Author, year]	[Design and sample]	[Finding in one sentence]	[Unresolved question]

Study rationale: [How this project addresses the gap]

Hypotheses

H1

[Expected direction of the main relationship]

[Outcome, comparison and planned test]

H2

[Expected difference across a defined condition]

[Subgroup or mechanism and planned test]

APPROACH

Method

01

Sample

[Recruitment or selection process]

02

Measure

[Variables, instruments and collection period]

03

Analyze

[Model, comparison and uncertainty]

04

Report

[Outputs, checks and reproducibility]

[Protocol, registration or ethics reference]

Study design

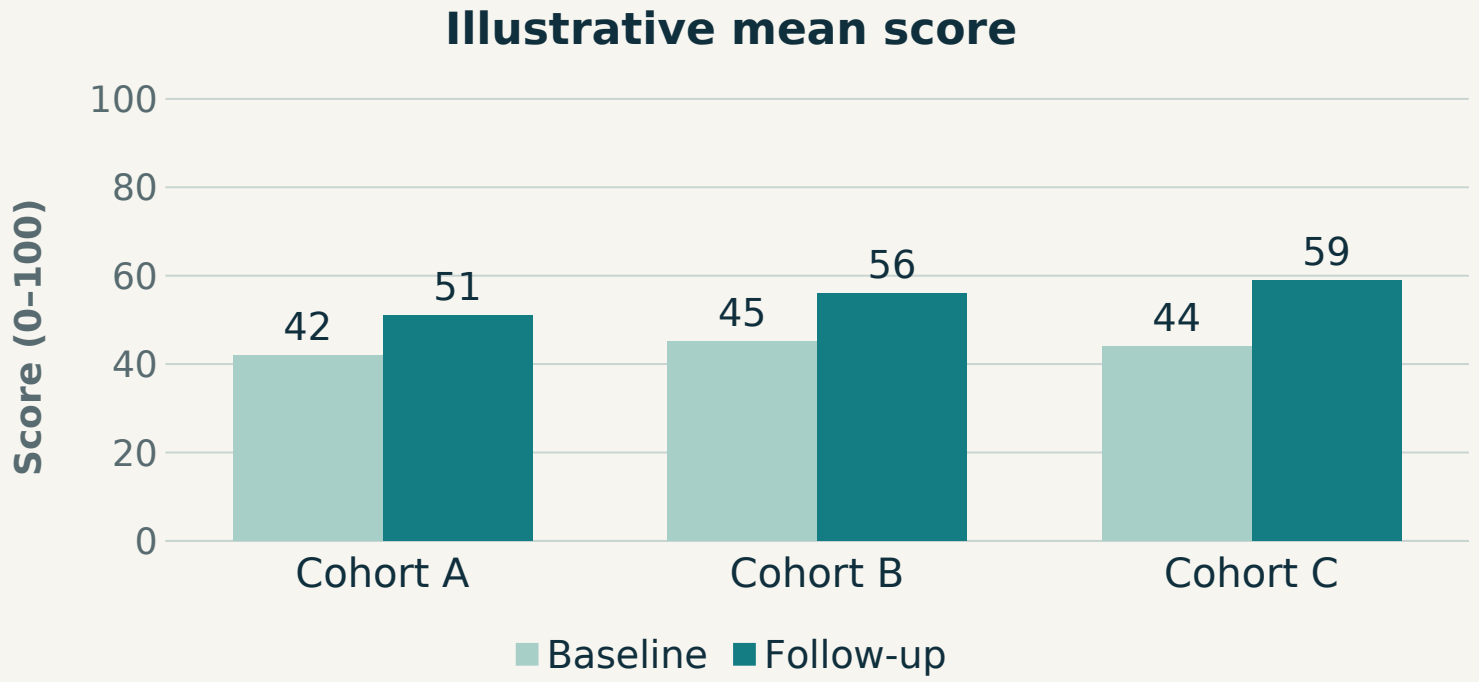

Component	Specification	Reason
Population	[Eligibility and sample size]	[Why this sample answers the question]
Exposure or condition	[Definition and comparison]	[Why the comparison is appropriate]
Primary outcome	[Measure, unit and time point]	[Why this outcome is meaningful]
Analysis	[Estimator, model and checks]	[How the analysis supports inference]

[Key assumption or design decision that the audience needs to know]

RESULTS

[Primary finding in one sentence]

ILLUSTRATIVE DATA / REPLACE BEFORE USE

Interpretation

[Describe the observed pattern and its size]

[Add uncertainty, sample size and the comparison that supports the claim]

Source: illustrative template data. Replace values, labels and units.

Results detail

ILLUSTRATIVE DATA / REPLACE BEFORE USE

Cohort	Baseline	Follow-up	Difference	Sample size
A	42.0	51.0	+9.0	[n]
B	45.0	56.0	+11.0	[n]
C	44.0	59.0	+15.0	[n]

Unit: score points on a 0–100 scale

[Add the uncertainty interval, estimation method and exclusions]

Discussion

[What the results mean
for the research question]

Possible explanation

[A mechanism consistent with the evidence and how it could be tested]

Connection to earlier work

[Where the findings agree or differ and why the distinction matters]

Limitations

Constraint	Effect on interpretation	Possible check
[Sampling boundary]	[Who or what the result may not represent]	[Replication or new sample]
[Measurement issue]	[Direction of possible error or uncertainty]	[Alternative measure]
[Model or design assumption]	[Conclusion that depends on the assumption]	[Sensitivity analysis]

[The most important boundary on the conclusion]

Next study

[The next question to investigate]

[The decision or uncertainty this follow-up study should resolve]

Action	Owner	When
[Pilot, replication or extension]	[Name / group]	[Timing]
[Data or method preparation]	[Name / group]	[Timing]

[Dependency or resource required to proceed]

References

01 [Author, A. A. (Year). Title of article. Journal, volume(issue), pages.] [DOI or stable URL]

	Mist	#E3EFEB
	Sage	#A8CFC7

Canvas 16:9. Content margin 72 px. Use theme colours for consistent edits.

BRAND DESIGN / TEMPLATE 05

[Brand name]

Identity guidelines

[Brand owner or design team]

[Version / date]

Purpose

[The change this brand exists to make]

Who benefits

[People or organisations the brand serves]

Why we are here

[The need or belief that shapes our work]

Positioning

For [audience],
[brand] is the [category]
that [distinct benefit].

Reason to believe

[Evidence, capability or experience
that makes the promise credible]

Audience

[Primary audience]

[A short description of the people we need to understand]

Dimension	Audience insight
Need	[What they are trying to do]
Context	[When and where the need arises]
Barrier	[What makes the choice difficult]
Evidence	[Interview, research or observed behaviour]

[Source and date of the audience evidence]

Voice

[The character of the brand in words]

Voice quality	How it sounds	How to apply it
[Quality 1]	[Short description of the tone]	[Specific writing choice]
[Quality 2]	[Short description of the tone]	[Specific writing choice]
[Quality 3]	[Short description of the tone]	[Specific writing choice]

[Words or phrases the brand consistently uses]

Logo suite

Primary

[Default mark and approved file name]

Compact

[Small-format use]

Logo spacing and scale

[Exceptions for compact marks or specialist applications]

Clear space

[Minimum space around the logo
and the reference unit used]

Minimum size

[Digital width in px]
[Print width in mm]

Colour system

[Primary palette and the role of each colour]

Ivory	Espresso	Terracotta	Clay	Linen	Olive
#FAF4EB	#2E221F	#BF523A	#E1B097	#EADCCE	#6C7865
Background	Primary type	Main accent	Soft accent	Supporting fill	Secondary accent

Typography

Display

DejaVu Serif

[A clear, expressive headline]

Use for titles and short statements

Text

DejaVu Sans

ABCDEFGHIJKLMNOPQRSTUVWXYZ

abcdefghijklmnopqrstuvwxyz

0123456789

[Write supporting copy in plain language. Keep paragraphs concise and readable.]

Imagery direction

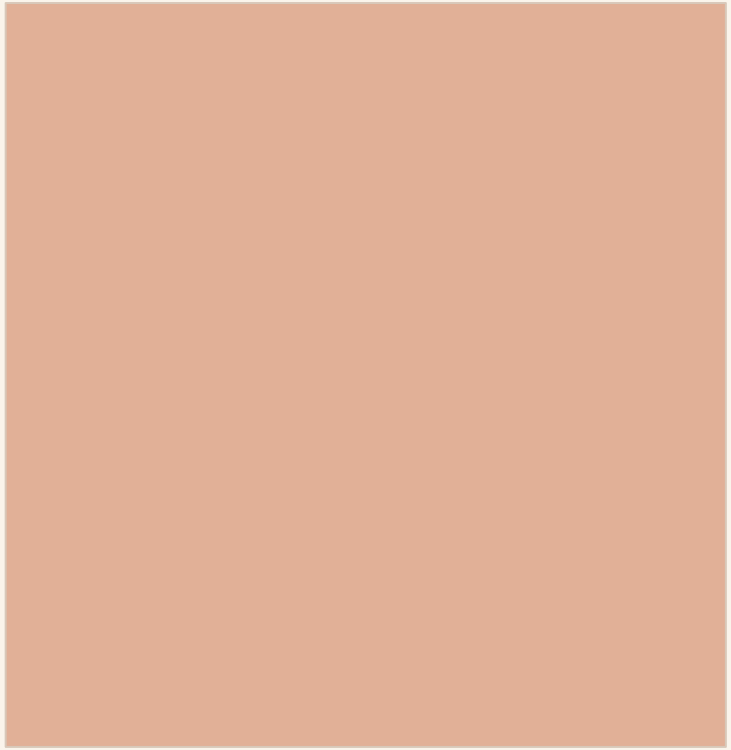

[Light, composition and colour treatment]

[Crop and detail guidance]

Applications

[What this example demonstrates]

[Production note]

Writing examples

Context	Use	Avoid
Introduction	[A clear statement of the benefit]	[An exaggerated or vague promise]
Instruction	[A specific action in plain language]	[Unnecessary jargon or ambiguity]
Support	[A respectful and useful response]	[Blame, defensiveness or empty reassurance]

[Brand-specific terminology or exceptions]

Usage rules

Use

Approved logo assets

Original logo proportions

Defined clear space

Readable colour combinations

Avoid

Redrawing the logo

Stretching or compressing artwork

Crowding the mark with text

Unapproved effects or colours

[Add any rules that are specific to this identity]

Asset handoff

Asset	Format	Location	Owner
Logos	[SVG / PDF / PNG]	[Link or folder]	[Name]
Colour and type	[Tokens / style file]	[Link or folder]	[Name]
Imagery	[Approved image library]	[Link or folder]	[Name]
Applications	[Editable source files]	[Link or folder]	[Name]

[Contact for brand questions and approvals]

CONSULTING PROPOSAL

[Engagement title]

[Client name]
[Decision or business question]

[Consultancy or team] [Month Year]

Executive summary

[One sentence that states the recommendation and expected result]

PROPOSED DECISION

[The specific decision required from the client]

BASIS FOR THE DECISION

[The strongest evidence or finding]

[Why the recommended approach addresses the business question]

APPROVAL	[Approver]	[Decision date]	[Funding or resource request]

Diagnostic framework

[Business question and the boundaries of the analysis]

Question	Working hypothesis	Evidence required
[Demand or customer issue]	[Hypothesis to test]	[Dataset or interview group]
[Cost or process issue]	[Hypothesis to test]	[Measure, period, owner]
[Capability or delivery issue]	[Hypothesis to test]	[Observation or benchmark]
[Constraint or dependency]	[Hypothesis to test]	[Policy, contract, or system]

[Source register reference] [Analysis owner] [As-of date]

Scope and deliverables

[Scope statement in one concise sentence]

Workstream	Deliverable	Acceptance criterion
[Workstream 1]	[Output the client receives]	[Observable review criterion]
[Workstream 2]	[Output the client receives]	[Observable review criterion]
[Workstream 3]	[Output the client receives]	[Observable review criterion]

OUT OF SCOPE [Excluded activities, geographies, systems, or decisions]

Options assessment

[Decision criteria, weighting method, and comparison basis]

Option	Expected benefit	Effort / cost	Main trade-off
[Status quo]	[Benefit]	[Effort or cost]	[Trade-off]
[Option A]	[Benefit]	[Effort or cost]	[Trade-off]
[Option B]	**[Benefit]**	**[Effort or cost]**	**[Trade-off]**
[Option C]	[Benefit]	[Effort or cost]	[Trade-off]

[Selection rationale] [Evidence and cost estimate references]

Recommendation

[Recommended option and the decision it enables]

[The recommended course of action and the outcome it is intended to achieve]

WHY THIS OPTION

[Evidence that makes this option the best fit for the stated criteria]

CONDITIONS FOR SUCCESS

[Critical assumptions, dependencies, and required client commitments]

Delivery approach

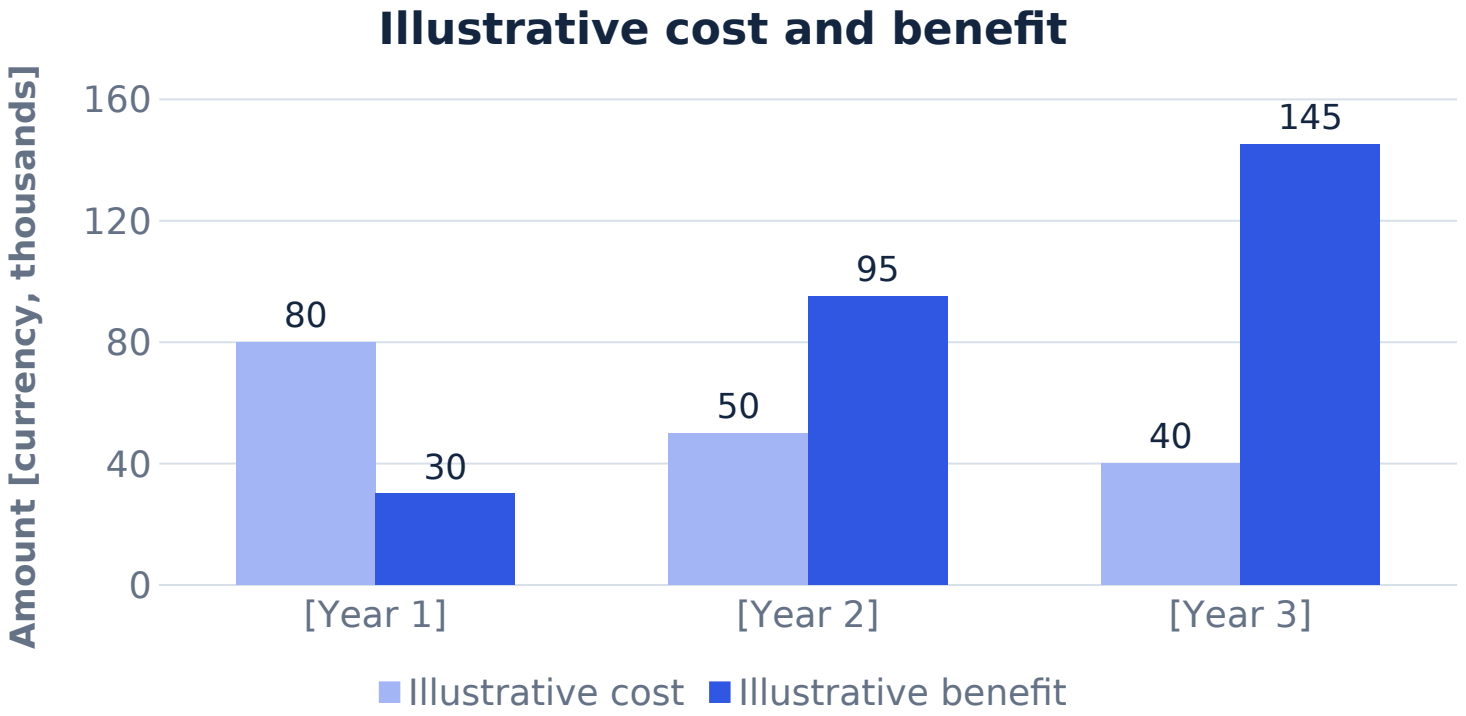

[Project duration] [Delivery model] [Client participation]

Phase	Primary activity	Output and decision gate
01 Diagnose	[Analysis, interviews, or review]	[Baseline and problem definition]
02 Design	[Option development and evaluation]	[Preferred approach approval]
03 Test	[Pilot scope and evaluation]	[Evidence to proceed or revise]
04 Implement	[Rollout and handover activity]	[Acceptance and ownership transfer]

[Phase dates] [Decision owner] [Dependencies]

Cost and benefit

Illustrative data. Replace values, units, and assumptions before use.

ASSUMPTIONS

[Cost basis]

[Benefit methodology]

[Discount rate or basis]

[Estimate owner and date]

Illustrative chart values have no external source. [Replace with source and model reference]

Milestones and review gates

[Overall start date] [Target completion]

Milestone	Target date	Review output	Decision owner
[Baseline agreed]	[Date]	[Diagnostic summary]	[Name or role]
[Approach approved]	[Date]	[Option recommendation]	[Name or role]
[Pilot reviewed]	[Date]	[Results and lessons]	[Name or role]
[Handover complete]	[Date]	[Operating materials]	[Name or role]

[Key schedule dependency] [Escalation route for missed milestones]

Team and responsibilities

[Client team] [Delivery team] [Governance cadence]

Activity	Sponsor	Project lead	Specialist	Client owner
[Scope approval]	A	R	C	C
[Analysis and design]	I	A	R	C
[Pilot acceptance]	I	R	C	A
[Business handover]	I	R	C	A

Illustrative assignments. R = responsible, A = accountable, C = consulted, I = informed.

Risk register

[Risk assessment date] [Review frequency]

Risk and consequence	Likelihood	Impact	Response and owner
[Risk 1 and its consequence]	[Level]	[Level]	[Response] [Owner]
[Risk 2 and its consequence]	[Level]	[Level]	[Response] [Owner]
[Risk 3 and its consequence]	[Level]	[Level]	[Response] [Owner]
[Risk 4 and its consequence]	[Level]	[Level]	[Response] [Owner]

[Assessment scale] [Escalation threshold] [Full register reference]

Decisions and next steps

[Decision meeting] [Date]

Decision or action	Owner	Due date	Completion evidence
[Approve the selected approach]	[Name]	[Date]	[Approval record]
[Confirm scope and resources]	[Name]	[Date]	[Agreed scope / staffing]
[Provide the required inputs]	[Name]	[Date]	[Dataset / access / brief]
[Schedule the first review]	[Name]	[Date]	[Meeting and review criteria]

[Contact name] [Email] [Project document location]

Evidence and assumptions

[Supporting materials and the assumptions that affect the recommendation]

Reference	Source or assumption	Use in the proposal
[E1]	[Dataset, author, period, link]	[Claim, chart, or analysis supported]
[E2]	[Interview or document, date]	[Claim, chart, or analysis supported]
[A1]	[Assumption and reason]	[Sensitivity or decision affected]
[A2]	[Assumption and reason]	[Validation required and owner]

[Appendix or source file location]

MARKET RESEARCH

[Market or research topic]

[Study scope or central question]

[Prepared for] [Research team] [Month Year]

Study brief

[Decision that this research will support]

RESEARCH QUESTION

[The question this study is designed to answer]

STUDY BOUNDARY

[Market or product category]

[Geography and period]

[Customer or organisation type]

[Exclusions]

[Decision owner] [Decision date] [How the findings will inform the decision]

Methodology and sample

[Fieldwork dates] [Research approach]

Component	Definition	Coverage or limit
Population	[Who qualifies for the study]	[Geography, eligibility, period]
Recruitment	[Sampling frame and method]	[Recruitment channel / exclusion]
Sample	[Achieved n and relevant bases]	[Groups, quotas, weighting]
Methods	[Survey, interviews, secondary data]	[Instrument and analytical method]
Uncertainty	[Applicable uncertainty measure]	[Design limitations and bias]

[Methodology appendix] [Research lead] [Instrument version]

Key findings

[Overall interpretation supported by the study]

01

[Finding 1]

[Evidence, population, base, period, and source reference]

02

[Finding 2]

[Evidence, population, base, period, and source reference]

03

[Finding 3]

[Evidence, population, base, period, and source reference]

Market structure

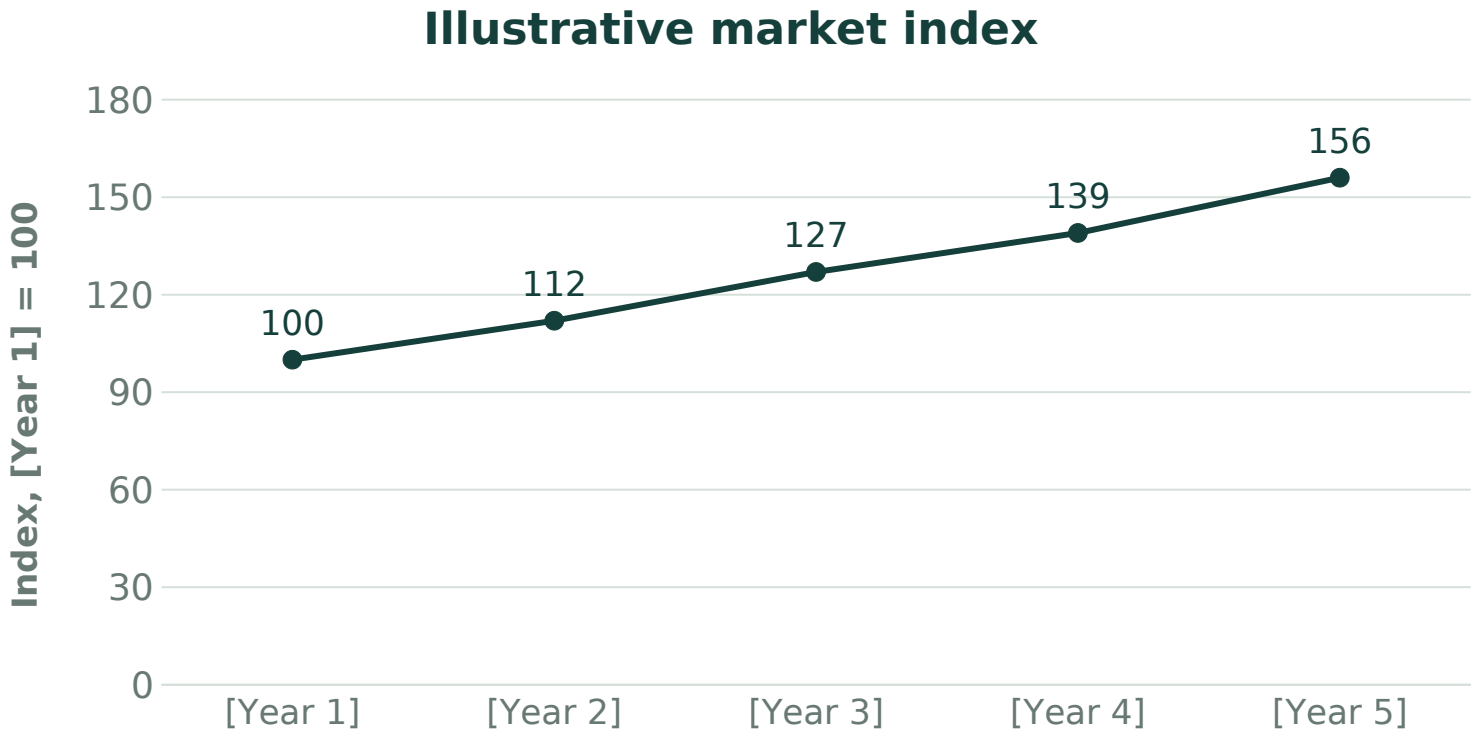

[Market definition and relevant boundaries]

Market component	Participant or channel	Role in the market
[Supply / input]	[Participant type]	[Value created or constraint]
[Product / service]	[Participant type]	[Value created or constraint]
[Distribution]	[Channel or intermediary]	[Route to the customer]
[Customer]	[Buyer and user groups]	[Need, use case, or demand]

[Market definition source] [Classification rules] [As-of date]

Market size and trend

Illustrative data. Replace values, units, and scope before use.

INTERPRETATION

[What changed]

[Likely explanation]

[Actual vs forecast]

[Scope and uncertainty]

Illustrative chart values have no external source. [Replace with source, date, and estimation method]

Segment profiles

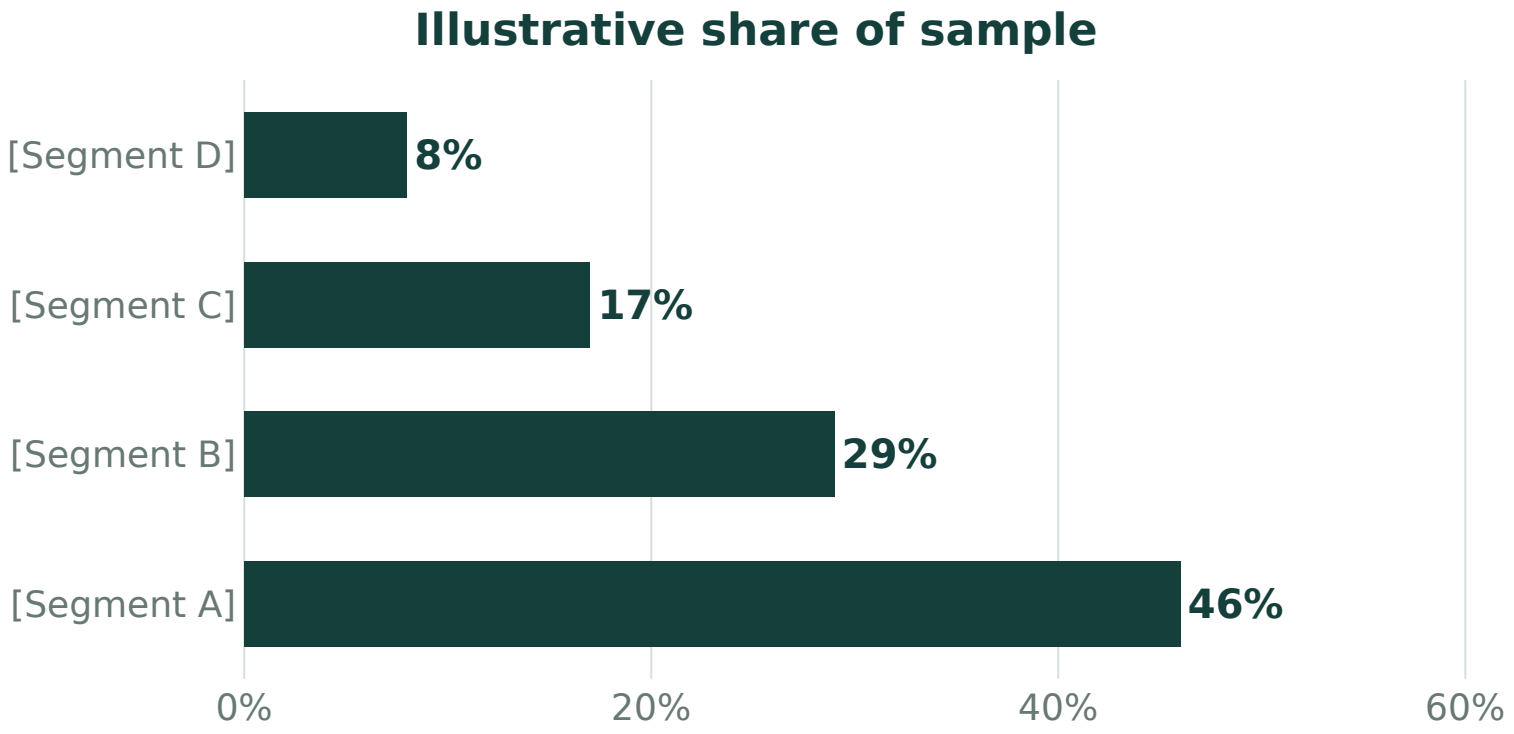

[Segmentation basis and how the segments differ]

Segment	Defining characteristic	Need / behaviour	Evidence base
[Segment A]	[Definition]	[Observed pattern]	[Base and source]
[Segment B]	[Definition]	[Observed pattern]	[Base and source]
[Segment C]	[Definition]	[Observed pattern]	[Base and source]
[Segment D]	[Definition]	[Observed pattern]	[Base and source]

[Segment assignment method] [Population coverage] [Base sizes]

Segment mix

Illustrative data. Replace shares and segment definitions before use.

READING THE MIX

[Population and base n]

[Weighting method]

[Segment definitions]

[Decision implication]

Illustrative shares total 100%. [Replace with base, fieldwork dates, source, and uncertainty]

Customer journey

[Customer group] [Use case] [Journey boundary]

	Discover	Evaluate	Purchase	Use / renew
Goal	[Goal]	[Goal]	[Goal]	[Goal]
Touchpoint	[Channel]	[Channel]	[Channel]	[Channel]
Friction	[Barrier]	[Barrier]	[Barrier]	[Barrier]
Evidence	[Source / base]	[Source / base]	[Source / base]	[Source / base]

[Journey research method] [Evidence sources] [Study period]

Competitive comparison

[Comparable offer set] [Geography] [As-of date]

Criterion	[Competitor A]	[Competitor B]	[Competitor C]
[Target customer]	[Evidence]	[Evidence]	[Evidence]
[Offer / service]	[Evidence]	[Evidence]	[Evidence]
[Price and basis]	[Evidence]	[Evidence]	[Evidence]
[Distribution]	[Evidence]	[Evidence]	[Evidence]
[Differentiator]	[Evidence]	[Evidence]	[Evidence]

[Primary sources, links, dates, and comparison caveats]

Customer voice

[Theme supported by qualitative evidence]

“[A concise participant quote that illustrates the research theme]”

ATTRIBUTION

[Anonymised participant ID]
[Segment, context, interview date]

INTERPRETATION

[What this quote helps explain]
[Evidence that supports the wider theme]

Implications and opportunities

[How the evidence affects the decision]

Evidence	Decision implication	Proposed response / test
[Finding and reference]	[What the finding means]	[Action or hypothesis to test]
[Finding and reference]	[What the finding means]	[Action or hypothesis to test]
[Finding and reference]	[What the finding means]	[Action or hypothesis to test]

[Priority, decision owner, and next review date]

Study limitations

[What the study can and cannot establish]

COVERAGE AND DESIGN

[Population or geography gaps]

[Sampling and recruitment bias]

[Measurement or response bias]

INTERPRETATION

[Time period or forecast uncertainty]

[Correlation and causality limits]

[Evidence needed to improve confidence]

[Result or decision most affected]

[Mitigation or follow-up research]

Sources and evidence log

[Study source register and supporting materials]

ID	Source and date	Coverage / use
[S1]	[Author, title, date, URL / file]	[Market definition or estimate]
[S2]	[Dataset, version, period, URL / file]	[Chart, table, or finding]
[S3]	[Interview / survey instrument, dates]	[Qualitative or quantitative finding]
[S4]	[Primary competitor source, date]	[Comparison criterion]
[S5]	[Additional source]	[Finding or limitation]

[Supporting files and methodology appendix location]

PITCH DECK

[Company name]

[The customer outcome your product makes possible]

[Round / purpose] [Month year]

OVERVIEW

The investment case

[A concise statement of the opportunity and why the company can win]

Customer need

[Name the buyer, recurring problem and consequence.]

Evidence

[Summarise the strongest verified signal of demand.]

Funding purpose

[Link the requested capital to a measurable milestone.]

[One sentence connecting the opportunity, evidence and next milestone]

PROBLEM

Customer problem

[What happens today, and why the existing approach falls short]

[The cost of the current situation]

Who experiences it?

[Role, segment, frequency and context.]

What is the consequence?

[Time, money, risk or unmet demand. Include a source.]

Evidence: [Customer interviews, usage data or published source]

SOLUTION

Product and value

[The product’s most useful capability and the change it delivers]

The product

[Describe the core capability in one short sentence.]

The customer outcome

[Describe the result, with a before-and-after comparison.]

[Product image or screenshot]

PRODUCT FLOW

How the product works

01

Input

[What the customer provides]

02

Core task

[What the product does]

03

Outcome

[What the customer receives]

Market opportunity

[Define the market before presenting its size]

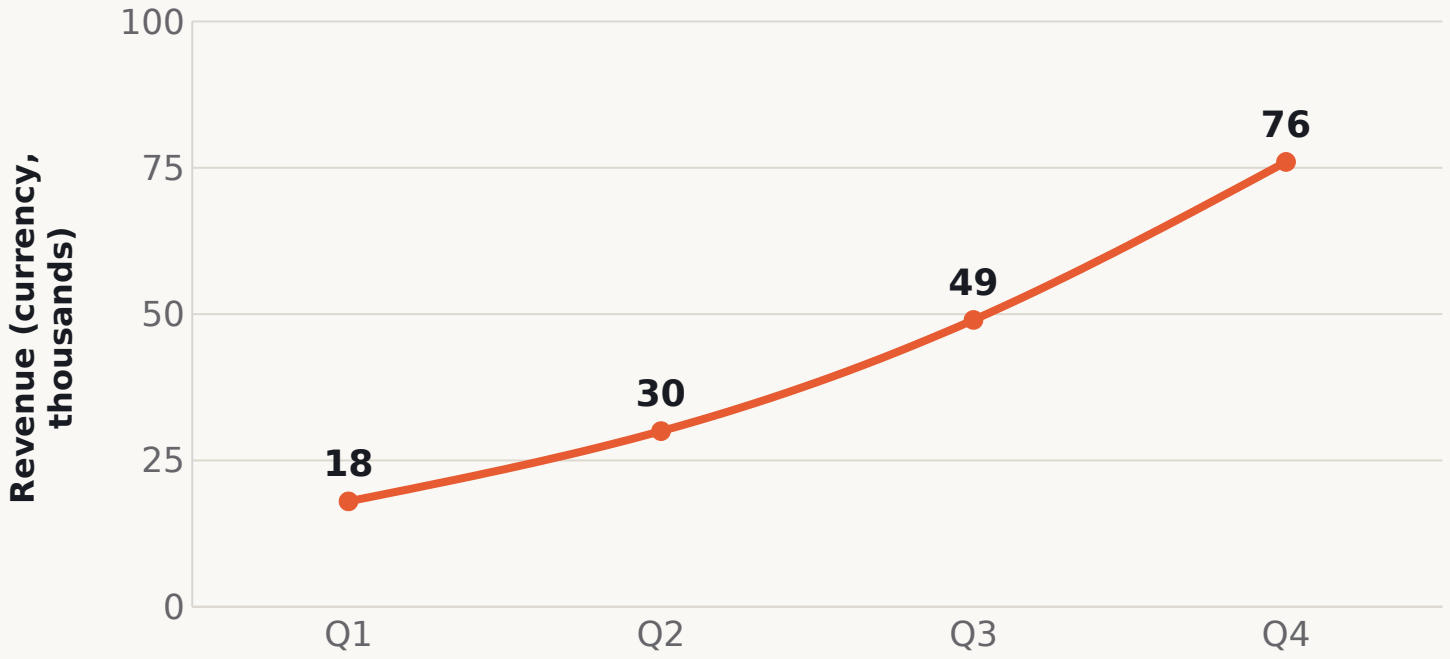

Market layer	Definition	Annual value
Total market	[All relevant customer demand]	[Currency / value]
Addressable market	[Customers the product can serve]	[Currency / value]
Initial focus	[Segment the team can reach first]	[Currency / value]

Sizing logic [Customer count] × [annual spend] = [market size]. Source: [title, date, link].

EVIDENCE

Traction and validation

[State the strongest verified finding from customer behaviour]

[Key metric]

[Value]

[Definition and observation period]

Illustrative data. Replace the series and metric before presenting

Business model

[Who pays, what they pay for, and how often they pay]

[Pricing unit]

[A plain description of the recurring or transaction model]

Metric	Assumption / evidence
Price per unit	[Currency and billing period]
Cost to serve	[Scope and definition]
Gross margin	[Value and calculation]
Payback	[Acquisition cost / contribution]

Customer acquisition

[How the company reaches and converts its first repeatable segment]

Stage	Activity	Evidence of progress
Reach	[Channel and target audience]	[Qualified response / audience]
Evaluate	[Demo, trial or procurement step]	[Activation / evaluation rate]
Convert	[Pricing and buying process]	[Paying customers / revenue]
Retain	[Usage and customer success]	[Retention / expansion]

Initial focus: [Segment] Owner: [Name] Experiment window: [Dates]

Competitive alternatives

[The alternatives customers consider, including doing nothing]

Customer criterion	[Your product]	[Alternative A]	[Alternative B]
[Outcome / capability]	[Evidence]	[Evidence]	[Evidence]
[Implementation effort]	[Evidence]	[Evidence]	[Evidence]
[Total cost]	[Evidence]	[Evidence]	[Evidence]
[Important limitation]	[Evidence]	[Evidence]	[Evidence]

Source and comparison date: [Links / date]. Use the same criteria for every option.

Team and responsibilities

[Founder name]

[Role]

[Relevant experience and evidence of execution]

[Product lead]

[Role]

[Relevant experience and evidence of execution]

[Commercial lead]

[Role]

[Relevant experience and evidence of execution]

Next hire: [Role and the milestone this person enables]

THE ASK

Funding and milestones

[Capital requested] to reach [specific next milestone]

[Amount]

[Currency and round]
[Planned runway and assumptions]

Use of funds	Target milestone
[Product / technology]	[Release or capability]
[Customer growth]	[Commercial outcome]
[Operations / team]	[Capacity or quality threshold]

Decision requested: [Investment, introduction or next meeting]

CONTACT

[The next conversation]

[One sentence about the company’s ambition]

[Name and role]
[Email] [Website]

Replacing content

Replace bracketed fields. Duplicate a sample slide or choose a saved layout. Edit chart values through Edit Data.

[TEAM / ORGANISATION]

[Project name]

Project kick-off

[Date] [Sponsor] [Project lead]

MEETING PURPOSE

Kick-off outcomes

[The decisions and shared understanding this meeting should produce]

01 **Purpose and scope**

[A shared view of the problem and boundaries]

02 **Delivery plan**

[Milestones, dependencies and success measures]

03 **Ways of working**

[Owners, decisions and the first commitments]

Project purpose

[The problem, opportunity or obligation that makes the project necessary]

[What changes when we succeed]

Current situation

[Describe the evidence and constraint.]

Desired outcome

[Describe who benefits and how.]

Objectives and success measures

Objective	Measure	Baseline	Target / date
[Objective 1]	[Metric and definition]	[Value]	[Value / date]
[Objective 2]	[Metric and definition]	[Value]	[Value / date]
[Objective 3]	[Metric and definition]	[Value]	[Value / date]
[Quality constraint]	[Acceptance condition]	[Current state]	[Threshold / date]

Measurement owner: [Name / role] Review frequency: [Cadence]

Scope and boundaries

Included

[Deliverable or capability]

[Audience / geography]

[Systems and processes]

Outside this phase

[Deferred capability]

[Excluded users or locations]

[Assumed external service]

Scope changes require [approver] and an agreed effect on time, cost and quality.

OUTPUTS

Deliverables and acceptance

[What the project will hand over, and who decides it is complete]

Deliverable	Acceptance evidence	Approver	Due date
[Deliverable 1]	[Test / review / measurable threshold]	[Role]	[Date]
[Deliverable 2]	[Test / review / measurable threshold]	[Role]	[Date]
[Deliverable 3]	[Test / review / measurable threshold]	[Role]	[Date]
[Handover package]	[Support, training and documentation]	[Role]	[Date]

Definition of complete: [A short condition that applies to every deliverable]

TIMELINE

Delivery roadmap

[A phase plan with decision points and dependencies]

Workstream	Weeks 1–2	Weeks 3–4	Weeks 5–6	Weeks 7–8
Discovery	[Research]	[Decision]		
Design		[Prototype]	[Review]	
Build			[Build]	[Test]
Launch				[Handover]

Illustrative schedule. Replace phase labels, dates and sequencing

Critical dependency: [External decision, resource or delivery]

Roles and decisions

[One accountable owner for each major decision or output]

Responsibility	Sponsor	Project lead	Delivery team	Business owner
Scope and budget	A	R	C	C
Build and test	I	A	R	C
Acceptance	I	R	C	A
Go-live decision	A	R	C	C

R = Responsible A = Accountable C = Consulted I = Informed

Illustrative assignments. Replace roles and confirm ownership

Risks and responses

Risk / trigger	Effect	Response	Owner
[Risk 1 and trigger]	[Time / cost / quality]	[Preventive action]	[Name]
[Risk 2 and trigger]	[Time / cost / quality]	[Contingency action]	[Name]
[Risk 3 and trigger]	[Time / cost / quality]	[Monitoring action]	[Name]

Escalation threshold

[The condition requiring sponsor involvement]

Review cadence

[When the team reviews risks]

Dependencies and assumptions

Item	Needed by	Owner	Confirmation
[External input / service]	[Date]	[Name]	[Status / evidence]
[Access / environment]	[Date]	[Name]	[Status / evidence]
[Decision / approval]	[Date]	[Name]	[Status / evidence]
[Key assumption]	[Validation date]	[Name]	[How to verify]

[The dependency most likely to affect the critical path]

Ways of working

Forum / channel	Purpose	Frequency	Owner
[Delivery meeting]	[Progress and blockers]	[Cadence]	[Name]
[Sponsor review]	[Decisions and changes]	[Cadence]	[Name]
